STATEMENT OF OBJECTS AND REASONS

Through an executive order dated the 31st January, 1986, Government had set up the Rehabilitation Council to enforce standards of training of rehabilitation professionals. The Council prescribes minimum standards of education and training professionals; recognises certain institutions for conducting training programmes leading to degrees or diplomas. The Council also recognises foreign degrees or diplomas or certificates on reciprocal basis and maintains a Central Rehabilitation Register of persons who are allowed to practise or seek employment in rehabilitation services of the handicapped.

2. In the absence of the statutory powers, the Council is finding it difficult to enforce standards of training and to regulate the functioning of the rehabilitation professionals. The Rehabilitation Council is proposed to be vested with statutory powers to prescribe norms and standards for the rehabilitation professionals and to regulate their training.

3. The proposed Bill seeks to confer statutory status on the Rehabilitation Council to achieve the above objectives, substituting the existing Rehabilitation Council set up through an executive order by the statutory Rehabilitation Council of India.

FINANCIAL MEMORANDUM

Clause 3 of the Bill seeks to substitute the existing Rehabilitation Council by a statutorily constituted Rehabilitation Council of India. The budget provision of the existing Council is rupees twenty-three lakhs and nineteen thousand for the year 1991-92 and is provided by the Ministry of Welfare to enable that Council to meet its expenditure. As such, at this stage, there may not be any extra financial implications as a result of converting the Rehabilitation Council into a statutory body. However, the new responsibilities which will devolve upon the statutorily constituted Rehabilitation Council will entail some additional expenditure, the quantum of which will depend upon the activities to be undertaken by the Council. It is not possible at this stage to estimate the additional expenditure.

2. The provisions of the Bill do not involve any other expenditure of a recurring or non-recurring nature.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 28 of the Bill empowers the Central Government to make rules to carry out the purposes specified in the Bill.

2. Clause 29 of the Bill empowers the Council with the previous sanction of the Central Government to make regulations to carry out the purposes specified therein such as management of property, maintenance and audit of the accounts, resignation of members of the Council, fixing the allowances to be paid to the Chairperson and the members of the Council and determining the conditions of the service of the Member-Secretary, officers and other employees of the Council; laying down the minimum standards of education for granting rehabilitation qualifications by the Universities or institutions and laying down the standards of professional conduct for rehabilitation professionals, etc.

3. The matters in respect of which rules and regulations may be made are generally matters of procedure and administrative details and it is hardly practicable to provide for them in the Bill itself. The delegation of the legislative powers is, therefore, normal in character.

SUDARSHAN AGARWAL,
Secretary-General.
